REWA, MADHYA PRADESH

6.3.2.1: Number of teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies year wise during the last five years

AWADHESH PRATAP SINGH UNIVERSITY, REWA (M.P.)

S.No./Development/2017/ 312

Date: 13-4-2017

To,

✓ Prof. R.N. Patel
Professor, Deptt. of Chemistry
A.P.S. University, Rewa (M.P.).

Subject : Nomination of University delegate.

Sir,

I am to inform that Hon'ble Vice-Chancellor has been pleased to nominate you as University delegate to attend the "**Indian Council of Chemists (5th International Conference)**" to be held at Swiss-Belhotel Rainforest, Kuta, Bali, Indonesia from 07-09 June, 2017".

Yours faithfully

Registrar

A.P.S. University
REWA (M.P.)

Copy to :

1. Prof. Rajesh Dhakarey, Secretary, Indian Council of Chemists, Dr. B.R. Ambedkar University, Agra-282 002 (U.P.)
2. Finance Section
3. Secretary to the Vice-Chancellor.

VI INTERNATIONAL CONFERENCE

6th - 8th June, 2019

Paris (France) - Brussels (Belgium)

ACCEPTANCE LETTER

To:

Prof. R. N. Patel
Deptt. of Chemistry
A.P.S. University
Rewa (M.P.) - 486003

Date: 27-03-2019

Dear Prof./Dr. / Mr./ Ms.

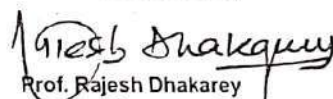

I am pleased to inform you that the abstract of your paper entitled Copper (II) Complexes
as possible models Superoxide Dismutase

(co-authors _____)

for Invited / Oral / Poster presentation in the VI International Conference of the Indian Council of Chemists going to be held at Paris - Brussels on 6th - 8th June, 2019.

No TA / DA will be paid by the Council to the author / authors of this paper for its presentation in the above Conference.

Yours sincerely

Prof. Rajesh Dhakarey

Secretary - ICC
Dean, Research

University Department of Chemistry
IBS, Dr. B. R. A. University, Khandari, Agra-282002

INFORMATION ABOUT PRESENTATION

a) Oral Presentation :

1. Each invited lecture will be of total 15 minutes duration 12 minutes for presentation and 3 minutes for discussion
2. Each oral presentation will be of total 12 minutes duration, about 10 minutes for presentation and 2 minutes for discussion.
3. Overhead projection and LCD facility will be available
4. Please ensure that font size and drawings are such that these can be legible by the audience even at the end of room 10-12 meters long.

b) Poster Presentation :

1. An area of about 1 M x 1 M would be available for poster display. The area is adequate for display of 12 A4 sheets
2. Use minimum font size 14 so that the poster can be read from a distance of about 1 M.
3. First sheet must contain the following information presented in a clear manner:
 - * Title
 - * Authors with the presenting author name underlined.
 - * Affiliation and address

2. MATERIALS AND METHODS

2.1 Chemicals

All chemicals and used solvents were commercially available in high purity and used without purification.

2.2 Measurements

Elemental analysis were performed on element analyzer. UV-visible spectra were measured on a Sch UV-1601 Spectrophotometer. Infrared spectra were measured on a Bruker Spectrophotometer. Voltammetry (CV) and differential pulse voltammetry (DPV) were measured on BAS-100 electro analytical spectra were measured on a Varian E-line Century Series Epr Spectrometer. X-ray data of all complexes collected on Bruker CCD area detector with graphite monochromatized MoK α radiation.

3. RESULTS AND DISCUSSION

A series of copper(II) complexes containing HL¹/HL² ligands. In complex 4, 4,4-bipy was taken as co-ligand. Similarly, complexes 6, 7 and 8 contain nitrate, sulphate and succinate ions as bridging moiety in between copper(II) centers respectively. These complexes have been characterized by FT-IR, UV-vis, CV and single crystal X-ray analysis. The antioxidant superoxide dismutase activity of all complexes have also been measured and discussed.

3.1 FT-IR spectra

The FT-IR absorption band due to $\nu(\text{C}=\text{N})$ and $\nu(\text{C}=\text{O})$ are downward shifted in all metal complexes. The disappearance of amidic N-H stretches. This kind of finding suggest the coordination of Schiff base ligand in their anionic form³.

3.2 Molecular structures of complexes

Molecular complexes of all 1-8 complexes were established by single crystal X-ray analysis. Complexes 1-5 are mononuclear whereas 6-8 are binuclear complexes. On perusal of molecular structures of these complexes structural diversity can be viewed. In these complexes molecular structures are stabilized by an extended three-dimensional network of different kind of hydrogen bondings⁴.

3.3 Electronic and epr spectra

Electronic spectra of all complexes were in to 3.0 mmol DMSO solution in the range of 350-900 nm. All complexes display broad absorption features between 600-750 nm. Epr spectra of copper(II) complexes recorded at RT in powder samples and LNT in DMSO solutions. Epr spectra of mononuclear complexes (1-5) are almost identical and show the usual features of a mononuclear copper centre ($S = 1/2$) whereas epr spectra of binuclear complexes showed features for triplet state ($S = 1$). In these spectra well-defined half field signals (± 2) are observed at the $g @ 4.2$ due to intra dipole-dipole interactions.

3.4 Cyclic voltammetry

Cyclic voltammetric experiments were performed in 3 mmol DMSO solution using tetrabutyl ammonium perchlorate (TBAP). All mononuclear complexes exhibited Cu²⁺/Cu⁺ reductive responses with potentials in the negative side. The observation of highly negative potential is due to the involvement of anionic Schiff base ligands in coordination to the copper(II) ions. Binuclear complexes 6-8 showed two reductions processes both involving an identical number of electrons as revealed from DPV experiments.

The stability of mixed valent complexes ($\log K_{\text{mix}}$) were also evaluated.

with other drugs has been found in vast majority of drugs available in today's market. This provide an urgent need to synthesize the novel biologically active safe candidates which are expected to meet current medical need with improved potency, less toxicity and fast acting. The synthesis of heterocyclic hybrids has been recognized in the field of medicinal chemistry because of their wide applicability. This provides a great opportunity to synthetic chemists for the synthesis of new moieties possessing lower cytotoxicity and with better antimicrobial potency. The ability of various heterocyclic compounds to undergo different chemical reactions has made them important for molecule planning, such as, 1,2,4-triazole, 1,3,4-oxadiazole, chalcone, pyrimidine, Manich base, Schiff base, etc., using various amino benzimidazoles, quinoxalines, benzothiazoles etc. with enormous biological potential. All the newly synthesized scaffolds were subjected to in vitro anti-bacterial (*S. aureus*, *S. pyogenes*, *E. coli*, and *P. aeruginosa*), anti-fungal (*C. albicans*, *A. niger*, and *A. Clavatus*), anti-mycobacterial (*M. tuberculosis* H37Rv), anti-malarial (*P. falciparum*) anti-trypanosomal (*T. cruzi*) and anti-leishmanial (*L. Mexicana*) activity. Moreover, short-term in vivo model on *Trypanosoma cruzi* has also been studied with one of the derivative containing 1,3,4-oxadiazole. We have also carried out in silico molecular docking study of our targeted compounds with different PDBs as biological target to understand binding interaction of targeted compounds. The molecular dynamics (MD) simulations are performed for up to 20 ns simulation time investigating the stability of a ligand-protein complex.

PP-08 : Copper (II) Complexes as Possible Models for Antioxidant Superoxide Dismutase

R. N. PATEL

Department of Chemistry, A. P. S. University, Rewa (M.P.) 486003 India
E-mail: rmp64@ymail.com

A series of five mono- and three binuclear bridged copper(II) complexes viz., $[\text{Cu}(\text{L}^1)(\text{HL}^1)]\text{ClO}_4$ 1, $[\text{Cu}(\text{HL}^1)(\text{NO}_3)]_2\text{NO}_3 \cdot \text{H}_2\text{O}$ 2, $[\text{Cu}(\text{HL}^1)(\text{CH}_3\text{COO})]_2 \cdot \text{H}_2\text{O}$ 3, $[\text{Cu}(\text{L}^1)(4,4\text{-bipy})(\text{NO}_3)]$ 4, $\text{Cu}(\text{HL}^1)(\text{NO}_3) \cdot \text{H}_2\text{O}$ 5, $[\text{Cu}_2(\text{L}^1)_2(\text{NO}_3)_2]$ 6, $[\text{Cu}_2(\text{-sulphato})(\text{HL}^2)_2(\text{H}_2\text{O})]_2 \cdot 2\text{H}_2\text{O}$ 7 and $[\text{Cu}_2(\text{-succinato})(\text{L}^2)(\text{HL}^2)(\text{H}_2\text{O})]_2 \cdot \text{ClO}_4$ 8 with 2-hydroxy-N'-[(E)-phenyl(pyridin-2-yl)methylidene]benzohydrazide (HL^1) and N'-[(E)-pyridin-2-ylmethylidene]benzohydrazide (HL^2) have been synthesized and characterized by multiple spectroscopic techniques. Their molecular structures were also determined by single crystal X-ray crystallography. The X-band epr spectra of all eight complexes exhibit copper(II) hyperfine structures as well as zero-field splitting which are appropriate for the triplet state of dimer. In complexes 1-5, the presence of pseudo dipolar interactions is suggested. Density Functional Theory calculations were carried out on complexes 1-6 to explore the electronic and spectral properties of these newly synthesized complexes. Antioxidant SOD activity data displayed effective antioxidant SOD activity.

Keywords: Copper complexes; Electrochemistry; DFT; Antioxidant SOD activity.

1. INTRODUCTION

Copper is an essential element for most aerobic organisms, employed as a structural and catalytic cofactor and consequently it is involved in many biological pathways¹. The tridentate coordination mode of hydrazone ligands are very efficient as binucleating ligands for metal ions. Binuclear complexes using tridentate Schiff bases and bridging ligands have been receiving considerable interest due to their biological and industrial relevance. They have received attention as model compounds for the active site of biological copper enzymes. Many copper(II) complexes have been proposed as possible models for antioxidant superoxide dismutase². Superoxide dismutase is an antioxidant which catalyses the dismutation of superoxide anion (O_2^-) in to H_2O_2 and O_2 . In this work, a series of copper(II) binary, mixed ligand and binuclear complexes have been synthesized and characterized. This talk would be useful for the research community involved in the copper based antioxidant chemistry.

We earnestly hope that you would participate in the Conference and get yourself registered in advance.

Sixth International Conference

INDIAN COUNCIL OF CHEMISTS

Chemistry

OUR HEALTH, OUR FUTURE

6th - 8th June, 2019

Hotel Novotel Wellness and Spa Roissy (Paris)
Courtyard By Marriot-Avenue des Olympiades (Brussels)

Website : www.chemicc.com
Email : icceurope19@gmail.com

Switzerland - Zurich is the largest city in Switzerland and the capital of the canton of Zürich. It is located in north-central Switzerland at the northwestern tip of Lake. The city of Zurich, a global center for banking and finance. The official language of Zürich is German, but the main spoken language is the local variant of the Alemannic German dialect, Zurich German. Zurich is regularly recognized as one of the world's most live able cities.

Lichtenstein - A Small Country (25 Kms Long) situated on the banks of the Rhine in Central Europe, between the Swiss canton of St. Gallen and the Austrian province of Vorarlberg. Liechtenstein is famous for its many private banks. It's known for its medieval castles, alpine landscapes and villages linked by a network of trails. The capital, Vaduz, a cultural and financial center, is home to Kunstmuseum Liechtenstein, with galleries of modern and contemporary art. The Post museum displays Liechtenstein's postage stamps. The climate is continental, cold in winter, with a daily average temperature in January around freezing (0°C or 32°F), and relatively warm in summer, with a maximum average around 24/25°C (75/76°F) in July and August.

Austria - Innsbruck is the capital city of Tyrol in western Austria and the fifth-largest city in Austria. It is in the Inn valley, at its junction with the Wipp valley. Innsbruck is also known for its Imperial and modern architecture. The Nordkette funicular, with futuristic stations designed by architect Zaha Hadid, climbs up to 2,256m from the city centre for skiing in winter and hiking or mountaineering in warmer months.

Italy - Venice, the capital of northern Italy's Veneto region, is built on more than 100 small islands in a lagoon in the Adriatic Sea. It has no roads, just canals - including the Grand Canal thoroughfare - lined with Renaissance and Gothic palaces. The central square, Piazza San Marco, contains St. Mark's Basilica, which is tiled with Byzantine mosaics, and the Campanile bell tower offering views of the city's red roofs. Venice has been known as the "La Dominante", "Serenissima", "Queen of the Adriatic", "City of Water", "City of Masks", "City of Bridges", "The Floating City", and "City of Canals." The Venice climate is tempered, with some mediterranean influence. It means that the Veneto's capital is never too cold, the temperatures in winter rarely goes under 0°C (32°F), thanks to the mitigating influence of the sea. In summer, the high can reach about 35°C. Rome is the capital city and a special comune of Italy. Rome also serves as the capital of the Lazio region. It is the center of the Metropolitan City of Rome. Rome has the status of a global city. Rome ranked as the 14th-most-visited city in the world, 3rd most visited in the European Union, and the most popular tourist attraction in Italy. Its historic center is listed by UNESCO as a World Heritage Site. The famous Vatican Museums are among the World's most visited museums while the Colosseum was the most popular tourist attraction in world. Rome is a nationwide and major international center for higher education, containing numerous academies, colleges and universities. Rome is an important center for music, and it has an intense musical scene, including several prestigious music conservatories and theatres. July is the hottest month in Rome with an average temperature of 78°F (26°C) and the coldest is January at 46°F (8°C) with the most daily sunshine hours at 11 in July. The wettest month is December with an average of 96mm of rain. Pisa is a city in Italy's Tuscany region best known for its iconic Leaning Tower. Already tilting when it was completed in 1372, the 56m white-marble cylinder is the bell tower of the Romanesque, striped-marble cathedral that rises next to it in the Piazza dei Miracoli. Also in the piazza is the Baptistery, whose renowned acoustics are demonstrated by amateur singers daily, and the Capo Santo Monumental cemetery. Football is the main sport in Pisa. Shooting was one of the first sports to have their own association in Pisa. July is the hottest month in Pisa with an average temperature of 73°F (23°C) and the coldest is January at 45°F (7°C). The wettest month is October with an average of 150mm of rain.

Vatican City - The Smallest Country of World a city-state surrounded by Rome, Italy, is the headquarters of the Roman Catholic Church. Its home to a treasure of iconic art and architecture. Its Vatican Museums house ancient Roman sculptures such as the Laocöon and the Belvedere Torlonia in the Raphael Rooms and the Sistine

REGISTRATION

All participants are required to register in advance by sending either Demand Draft in the favor of Indian Council of Chemists, payable at Agra or through NEFT transaction latest by 10th April 2024. The acceptance of the abstract of papers will be sent by all means to the Treasurer, Dr. Manoj Rawat. The acceptance of the abstract of papers because in case the abstract is not accepted by the referees for technical reasons the money shall be refunded immediately. This is all the more necessary as there are limited seats which will be provided on first come first serve basis. When registration of required number of seats is complete registration will be closed without waiting for last date. The details of the NEFT transaction are as follows:

Name : Indian Council of Chemists
Saving Bank A/c No. 21321490925, IFSC Code : ALLA0212072
Bank : Allahabad Bank, Branch : Khandari, Agra-282002

The registration fee (non-refundable) is as follows

A. For Local Indian Delegates (Full Package 10H/11D):

- | | |
|-------------------|---|
| Adult | a) Rs. 1,67,500/- (One lac sixty seven thousand five hundred only) on twin sharing. |
| Child with bed | b) Rs. 1,45,500/- (One lac forty five thousand five hundred only) per child upto 12 years |
| Child without bed | c) Rs. 1,27,000/- (One lac twenty seven thousand only) per child upto 12 years |
| Infant | d) Rs. 25000/- (Twenty five thousand only) per infant below 2 years |

B. For Foreign Delegates : \$ 150 (One hundred fifty US dollars only) Conference registration charges

The registration fee (non-refundable) for local delegates includes the following:

Inclusions:

1. Registration charges of the Conference.
2. Economy class airfare to Paris ex-Delhi/Mumbai/Bangalore/Chennai only and return flight to D/M/B.
3. 10 Nights accommodation in the mentioned hotel.
4. Buffet breakfast at hotels (all days)
5. 10 Lunches & Dinner at an Indian restaurant and meals in flight.
6. 2 conference Tea/coffee breaks with cookies.
7. 01 bottle of 0.5 Ltr water per person per day.
8. A/C comfortable transport with professional driver as per the Itinerary.
9. Travel Tours manager
10. Professional english speaking escort guide from arrival to departure in Europe.
11. Entrances/Admission Fee, wherever applicable.
15. Visa support & normal visa processing fees
16. Kit bags to the participants.
17. All basic conference facilities including conference hall.
18. All taxes included.
19. Airport transfers to/from hotel.

Exclusions:

1. Photo & video charges
2. Beverages & hotel charges order by yourself
3. Tips and gratuities
4. Any personal expenses
5. Any service not included in inclusions & Itinerary
6. Courier charges laundry, telephone bills etc.

Others:

1. The check in time is 1400 hrs and check out time is 1200 Hrs.
2. Any amendment/cancellations, once booking is confirmed will cause cancellation and amendments charges as per the hotel and airline policy.
3. In case of termination of tour midway by you, no refund will be made.
4. In any kind of force majeure factors the tours operator will look for most suitable/possible alternative services with the consent of the client or Foreign Associate.

to inform you that the 6th International Conference of Indian Council of Chemists will be held during June, 6th - 8th, 2019 at Hotel Novotel Wellness and Spa Rolsay, Courtyard By Marriot-Avenue des Olympiades (Brussels). On behalf of the Indian Council of Chemists, India, we have great pleasure in inviting you to attend this Conference and participate in the deliberations.

The Conference programme is associated with a tour and travel programme of Europe. The complete itinerary is given in following lines.

The Conference would provide an excellent opportunity to research workers for presenting new experimental results, participating in wide ranging discussions and critical debate in different areas of Chemistry and shall provide an opportunity for meaningful interactions among the members of the scientific fraternity.

INDIAN COUNCIL OF CHEMISTS

The Indian Council of Chemists was founded at Agra on 19th Sept., 1981. The thirty seven annual conferences held at Agra, Srinagar, Dharwad, Gorakhpur, Dhanbad, Madurai, Gwalior, Tirupati, Gulbarga, Goa, Muzaffarpur, Warangal, Jammu, Mumbai, Aurangabad, Mangalore, Chennai, Jalgaon, Shimoga, Mysore, Jabalpur, Roorkee, Mumbai, Ranchi, Kalyan (Mumbai), Sagar, Haridwar, Patan, Chandigarh, Hyderabad, Rajkot, Dharwad, Dhanbad, Bardoli (Surat), Pune & Suratkal (Karnataka) Five International Conferences at Bangkok, Kuala Lumpur, Dubai, Tashkent & Bali were highly successful and well attended.

XXXVIII Annual Conference of The Indian Council of Chemists is to be held at Department of Chemistry, Jaipur National University, Agra-Jaipur Road, Jaipur (Rajasthan)-302017 in the 4th Week of December, 2019.

CONFERENCE THEME

Chemistry Our Health, Our Future

SUB THEME

- | | |
|------------------------------------|--|
| 1. Chemistry of Life | 9. Chemistry and Sustainable Future |
| 2. Chemistry of Food and Nutrition | 10. Chemistry and Combating Disease |
| 3. Chemistry of Water | 11. Chemistry and New Fuels |
| 4. Chemistry and Energy | 12. Chemistry of Drugs and Therapies |
| 5. Chemistry and Material World | 13. Chemistry and Resource Management |
| 6. Chemistry of Oil and Fats | 14. Future of Women in Chemistry and Science |
| 7. Chemistry and Climate Change | 15. Synthetic Chemistry |
| 8. Chemistry and Quality of Life | 16. Miscellaneous |

SUBMISSION OF ABSTRACTS

Active participation in scientific sessions covering the topics of the Conference is welcome. Scientists are requested to submit only the soft copy of the abstract and biodata of the papers intended for presentation to Prof. Ajay Taneja, Joint Secretary, ICC, latest by 20 April, 2019 at email: jointsecretaryicc@gmail.com, copy should also be sent to icceurope19@gmail.com. It should be typed in MS-word using Times New Roman with font size 12. Authors should clearly mention on the top of the abstract, the sub-theme in which the paper is to be presented. They should mention their Phone no., and e-mail address along with their postal address, no hard copy is required. Guidelines are sent separately.

Note: All authors contributing a paper in Conference must be Fellows of the Council. (Annual fellowship fee for the year 2019, Rs. 600/- or life fellowship fees Rs. 6000/-) must be paid along with the submission of the abstract.

TENTATIVE PROGRAMME OF THE CONFERENCE

Hotel Novotel Wellness and Spa Rolsay (Paris)
Courtyard By Marriot-Avenue des Olympiades (Brussels)

DAY 01: 06th June - Paris

Guests arrive Paris
Arrive hotel and complete check in formalities.
Conference Inauguration
Evening visit to Eiffel tower (2nd level)
Extended Illumination Tour of Paris Return to the Hotel
Overnight at the Hotel in Paris (Lunch, Dinner)

DAY 02: 7th June - Paris

Full day conference at the hotel
Enjoy a Cruise on Seine River and later photo stop at Louvre museum in the evening
Dinner at Indian restaurant
Lido Show in night
Overnight at the Hotel in Paris (Breakfast, Lunch & Dinner)

Day 03: 08th June - Paris - Brussels

Drive down to Brussels
Arrive Brussels
Check in at the Hotel
Visit to Mini Europe
Proceed on an orientation tour of Brussels - photo stop at Grand Place and the legendary Mannikin Pis statue and photo stop at the Atomium.
Valedictory of the Conference followed by Dinner at Indian restaurant
Overnight at the Hotel in Brussels (Breakfast, Lunch & Dinner)

Day 04: 09th June - Brussels - Rotterdam - Canal Cruise

Breakfast at the Hotel
Depart to Rotterdam after Breakfast
Arrive Rotterdam, free time at Zuid beach and later photo stop at International Court of Justice
Depart to Amsterdam
Orientation tour of Amsterdam - drive pass Van Gogh Museum, Royal Palace, the Nieuwe Kerk the War Memorial and Dam Square
Enjoy a One-hour Canal Cruise
Walking Guided Tour of Amsterdam
Overnight at the Hotel Brussels (Breakfast, Lunch & Dinner)

Day 05: 10th June - Brussels - Germany

Drive down to Cologne
Arrive Cologne
Visit to Cologne Cathedral
Later continue to Boppard
Arrive Boppard Port
Experience a Rhine river cruise from Boppard to the Rhine
Arrive St. Goar
Heidelberg tour followed by Check Inn
Overnight at the Hotel in Heidelberg (Breakfast, Lunch & Dinner)

ABOUT EUROPE

Europe is a continent located entirely in the Northern Hemisphere and mostly in the Eastern Hemisphere. It is bordered by the Arctic Ocean to the north, the Atlantic Ocean to the west and the Mediterranean Sea to the south. It comprises the westernmost part of Eurasia. Europe is named after a princess in Greek mythology called "Europa."

PLACES OF INTEREST IN EUROPE

France - Paris is the capital and most populous city of France. It is known as the City of Light is the world's most visited capital. Paris is especially known for its museums and architectural landmarks: the Louvre was the most visited art museum in the world. The city is proud of its many monuments from the iconic Eiffel Tower to the lofty Notre-Dame cathedral and the majestic Arc de Triomphe. Paris is also famous for being a global fashion hub, and it is also known for its world-renowned cuisine. The average temperature in Paris 20°C during summer. The Louvre and Moulins Rouge. Paris is also famous for its world-renowned cuisine. The average temperature in Paris 20°C during summer. Lido show is known as exotic shows including dancers, singers and other performers. The new version of Lido show is made up of 10 to 20 scenes and runs for about an hour and a half. Two shows are run every day of the week. The Lido is known for its spectacular costumes featuring thousands of dollars and feathers and rhinestones, rich fabrics and top quality of furs.

Belgium - The Brussels is the capital of Belgium. Brussels is known for its vast green spaces. There are numerous parks worth exploring, as well as the gorgeous Sonian Forest. Some of the most famous parks in Brussels are the Bois de la Cambre, the Petit Salon Square, the Mont Des Arts garden and the Park du Cinquantenaire. The weather in Brussels is ever changing and not always ideal. It can easily go from sunny and gorgeous to a 30 minute spell of rain, and then back to sunshine. Mini Europe is a miniature part located in Bruparck at the foot of the Atomium in Brussels. It has reproduction of monuments in Eu. On show roughly 80 cities and 350 buildings are represented.

The Netherlands - Amsterdam is the capital city and most populous municipality of the Netherlands. Its status as the capital is mandated by the Constitution of the Netherlands. Its Museum District houses the Van Gogh Museum, works by Rembrandt and Vermeer at the Rijksmuseum, and modern art at the Stedelijk. Cycling is key to the city's character, and there are numerous bike paths. Amsterdam is also famous for its canals, beautiful houses, so-called coffee shops and Red Light District, but there's plenty more to this liberal city than most visitors realize. The climate is sub-oceanic, humid and rainy.

Germany - Frankfurt is a metropolis and the largest city of the German federal state of Hesse, and its 746,878 (2017) inhabitants make it the fifth-largest city of Germany. It is a central German city on the river Main, is a major financial hub of famed writer Johann Wolfgang von Goethe, whose former home is now the Goethe House Museum. Like much of the city, it was damaged during World War II and later rebuilt. The reconstructed Altstadt (Old Town) is the site of Römerberg, a square that hosts an annual Christmas market. It is the business and financial center of Germany and the largest city in the German state of Hesse. The city is known for its futuristic skyline and the busiest German airport. Frankfurt is home of the European Central Bank and the German Stock Exchange. The climate is moderately continental, characterized by cold winters, with average daily temperatures around 0°C or slightly higher, and warm summers, with maximum temperatures around 27°C in June-July.

Germany - Black Forest - Onto Central Switzerland
 check-out and proceed to TITSEE
 school Demonstration at Drubba & Orientation tour.
 Schaffhausen
 Rhansen to view the magnificent Rhine falls
 Zurich
 to the Hotel in Zurich

: at the Hotel in Zurich (Breakfast, Lunch & Dinner)

Sub.: Regarding permission for attending INDIAN COUNCIL OF CHEMISTS
VI International Conference 06th - 08th June, 2019, Paris (France)-
Brussels (Belgium).

Respected sir,

I have to attend the 6th International Conference 06th - 08th June, 2019 Paris (France) - Brussels (Belgium). In this conference I have to deliver a lecture. Therefore, you are requested to sanction leave from 5th June 2019 to 17th June 2019 for attending the said conference along with permission to leave the H.Q.

With regards,

Permitted.
R.N. Patel
28/03/19
INDIAN COUNCIL OF CHEMISTS
VI International Conference
Paris (France) - Brussels (Belgium)
2019

Sincerely yours

(R.N. Patel)

REGISTRATION

All participants are required to register in advance by sending either Demand Draft in the favour of Indian Council of Chemists, payable at Agra or through NEFT transaction latest by 10th April 2019 by all means to the Treasurer, Dr. Manoj Rawat. The acceptance of the abstract of papers will be sent as soon as they are received. Authors should not wait for acceptance of the papers because in case the abstract is not accepted by the referees for technical reasons the money shall be refunded immediately. This is all the more necessary as there are limited seats which will be provided on first come first serve basis. When registration of required number of seats is complete registration will be closed without waiting for last date. The details of the NEFT transaction are as follows:

Name : Indian Council of Chemists
Saving Bank A/c No. 21321490925, IFSC Code : ALLA0212072
Bank : Allahabad Bank, Branch : Khandari, Agra-282002
